- **10 graphic tattoos** available in **5 hues** (tone on tone or colour tattoos)
- **12 formats** for iD Supernature & **8 ones** for iD Tattoo
- Select your design, shade and format + add a tattoo to delineate spaces or simply give your flooring a stylish look
- Classification **34** (commercial)
- Minimum order quantity: 70m<sup>2</sup>
- To be **glued-down**

## iD CLICK ULTIMATE

---

“Renovation has never been so swift, aesthetic and robust”

Fast renovation solution, designed to reduce business downtime

Combines resistance + speed of installation + design + acoustic comfort

- The **RCC** (Rigid Composite Core) technology guarantees that the product is **wear-proof, stain-proof, heat-proof and waterproof**
- **19dB sound absorption** thanks to Soundblock technology
- No deformation over time **from 10°C to 60°C**
- Can be installed **directly over ceramic tiles** and most existing subfloors
- Classification **34** (commercial)
- To be **clicked**

# iD INSPIRATION LOOSE-LAY iD SQUARE

Solutions for renovation projects, with acoustic and design requirements

Easy and quick to install and maintain

Require little to no subfloor preparation

Provides easy access to the subfloor

- iD Inspiration Loose-Lay is ideal for small or occupied surfaces, or environments requiring **fast installation**
- Dimensionally stable, and as durable and reliable as a glue-down flooring
- **Easily removable** with no damage to the product or the subfloor
- Classification **33** (commercial)
- To be **laid down**
  
- iD Square is an **acoustic loose-lay** with a large variety of designs and colours (3 formats, in planks and tiles)
- **Better in-room acoustic with less sound transmission** - ideal for working areas
- Classification **34** (commercial)
- To be **tackified**

WHITE OAK, LIGHT GREY

## iD INSPIRATION 40/55/70

---

Bring design a step forward with new colours and formats and create spaces that build brand image and positively shape the customer experience

The widest range of modular vinyl flooring with plenty of designs, colours, formats

- Customisable collections (iD Inspiration 55/70) that offer endless combinations through your choice of format, design, surface structure and beveling
- Wear layer thickness: **up to 0.70mm**
- Classification **32 to 34** (commercial)
- To be **glued-down** and/or **clicked** (depending on the chosen product)

# MINERAL TILES SOLUTIONS

Experience  
the mineral  
modularity

# CEMENTI CLICK

---

True innovation cement-based modular tiles, to put the beauty of minerals  
at the heart of Design

Authenticity of mineral materials and elegance of the decors

- Unique mix between **exclusive design, easy installation in demanding locations and technical performances**
- **23 designs** that draw inspiration from geometric shapes, graphic patterns, mineral and wood
- **Available in 2 formats:** tiles (for the mineral designs) and planks (for the wood designs)
- Classification **33** (commercial)
- To be **clicked**

# WOOD SOLUTIONS

Meet with  
natural beauty  
and variety

# WOOD NOBLE

---

The stylish 50's are back

A twist on the classic basket weave, Noble wood floors create a surprising interplay of light that changes according to your position in the room

Treated with a hardwax oil to highlight each plank's distinctive grain and structure with a natural, matte finish

- **9 decors**
- **16mm** thickness
- 2 widths options: 192mm and 190mm
- **Proteco Hardwax Oil**
- **2-lock click system** by Tarkett
- Comes with a range of **accessories\***

# WOOD ELEGANCE

---

Elegance's wide, extra long, extra thick planks stretch out to shape perspective and bring a serene ambience to a room

Their natural beauty, with all the cracks and knots of oak, is enhanced through hand-crafted elements like beveling

Treated with a hardwax oil to highlight each plank's distinctive grain and structure with a natural, matte finish

- 3 decors
- 22mm thickness
- 260/280mm width
- **Protoco Hardwax Oil**
- **T&G click system** by Tarkett
- Comes with a range of **accessories\***

# WOOD SHADE

---

From honey-tinged praline, stone grey, or antique white oak, the Shade collection highlights the warmth of wood through soft and natural colours, for a cosy living environment

Explore this elegant selection of colour nuances to bring out the best in your interior

Treated with a matte finish to protect each plank's distinctive grain and structure

- 30 decors
- 13/14mm thickness
- 5 width options: 117/134/162/190/194mm
- **Proteco Hardwax Oil**
- **2 lock click system** by Tarkett
- Comes with a range of **accessories\***

# WOOD VINTAGE

---

Vintage gives you the charm and authenticity of used wooden floors from day one  
The worn surfaces of second-hand furniture or salvaged flooring have been recreated with woodworking traces, saw marks and indentations for a sense of time gone-by  
Treated with a natural hardwax oil so that each plank will tell you its own history for generations to come

- 7 decors
- 14mm thickness
- 2 width options: 162/190mm
- **Proteco Hardwax Oil**
- **2 lock click system** by Tarkett
- Comes with a range of **accessories\***

# ACCESSORIES

For an  
elegant finish

# ACCESSORIES

A wide range of accessories, for making a transition, adding a design twist and ensure a good entrance carpet resistance

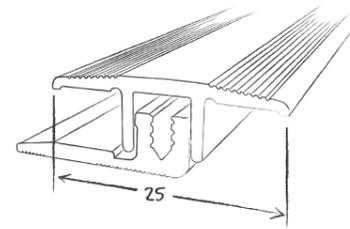

## Transition profile

Very high traffic aluminium transition profile, to be screwed in.

- Silver 1451 011
- Stainless Steel 1451 012

📦 10 units of 2.7 lm

Other types of profiles are available.\*

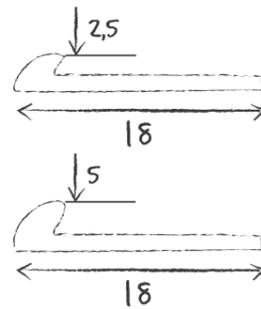

## Flexible ramp profile

Bendable aluminium profiles used to form a joint between different types of floor coverings. Can be manually curved on site to accommodate shaped and radius designs. Two heights available: one for compact floors (FT 2.5) and one for acoustic floors (FT 5). To be glued.

- Silver 1456 000 (FT 2.5 mm) / 1456 001 (FT 5 mm)

📦 10 units of 2.5lm

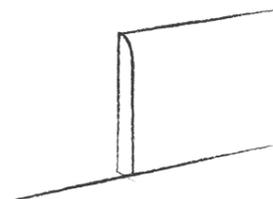

## PVC decorative skirting

PVC Decorative Skirting with PUR surface treatment.

- White (6 cm) 26640700
- With decorative film matching collection designs (8 cm)\*

📦 10 units of 2.02 lm (height = 6 or 8 cm)

Skirtings are also available for Wood & Laminate.\*

## Feature strip colours

Create visual effects with contrasts of colours to highlight interior features, shape perceptions of a room size or personalise your flooring design.

BLACK	1421 001	RED	1421 010	TOBACCO	1421 008
DARK GREY	1421 009	COPPER	1421 012	SILVER	1421 002
ROYAL BLUE	1421 011	GOLD	1421 003	EGGSHELL	1421 013

## Antifouling Carpet Protect

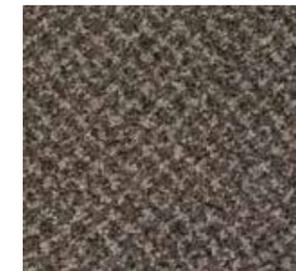

- As the name suggests, Protect is a practical and hard-working entrance barrier carpet tile, designed to safeguard floors throughout a building from external dirt and moisture. A wool and nylon cut pile carpet tile, Protect has a scraper fibre evenly spread over the tile and has a subtle colour mix.
- Functional and elegant colour options are available in anthracite, grey, beige and dark blue.\*

# OUR SERVICES

Let's create your own project

# CARPET FLOOR PLANNING SERVICE

Our dedicated Design professionals will help you transform your ideas into flooring solutions.

Step by step, from 2D and 3D plans, through the generation of real samples, to final layout, production and delivery.

## 4 STEPS FOR A CUSTOM-MADE CARPET

### ① Design Assistance

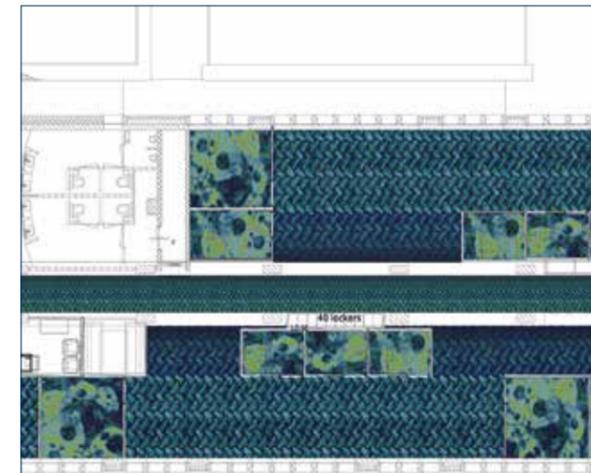

Create your own custom pattern with our Design service support.

### ② Sampling & Design Approval

Approve the design you want based on a realistic sample.

### ③ Floorplanning

Validate the flooring plan, as specified in the dedicated project installation leaflet.

### ④ Carpet Delivery

Produced in our Dutch factory and delivered to your installation site, wherever needed.

# FLOORCRAFT DESIGN SERVICE

Custom floor pattern creation thanks to Sonic Cutting technology  
Design service support team to assist your project from beginning to end  
Highly creative opportunity: from original cement tile patterns  
to logos or room size decors

- Made possible **with all Tarkett commercial resilient materials** (heterogeneous vinyl, homogeneous vinyl, linoleum, etc.)
- Facilitated installation thanks to the **delivery of a preassembled numbered set**, together with its specific installation instructions
- Classification **32, 33 or 34** (commercial)\*

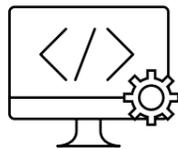

## 5 STEPS TO CREATE A UNIQUE BESPOKE FLOORING

### ① Design

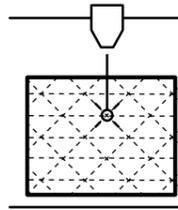

You can provide a logo, graphic, pattern...  
...or call Tarkett assistance for refining your custom design.

### ② Layout

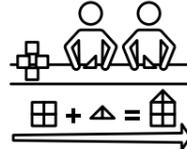

Thanks to a dedicated software, the design team develops an installation plan & the visualization of the final layout.

### ③ Cutting

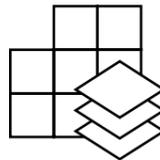

Tarkett sonic cutting machines creates each piece of your bespoke flooring.

### ④ Preassembly

The Floorcraft design team pre-assembles the pieces into easy-to-install & pre-adhesive tiles (1x1m).

### ⑤ Installation

We will provide you with an installation floorplan & installation + laying instructions.

If you can't come to us, we will be glad to work with you at your location or through digital communication

- Start with Tarkett's iD Inspiration vinyl range
- **High quality vinyl**
- Classification **34** (commercial/high traffic)
- **Phthalate-free**
- **Very low VOC emissions** (<10µg/m<sup>3</sup>)
- **100%** recyclable
- **37%** recycled content

**DOING GOOD.  
TOGETHER.**

Committed  
for a better  
world

# DOING GOOD. TOGETHER.

At Tarkett, we strive to support both our professional clients and customers in creating healthy, beautiful and sustainable living spaces

Working with industry partners, we're bringing our best thinking and efforts towards making a positive impact on people and the planet

## DESIGNING FOR LIFE

Our Cradle to Cradle certified carpet and vinyl tiles flooring are designed for life, a life where good materials contribute to good health and where we are good stewards of resources that are continually re-used.

- All Tarkett's vinyl, mineral and carpet floorings are phthalate-free
- 96% of Tarkett's products are in the low VOC category. This includes carpet, resilient and hard wood floors
- Our floor coating (for wood) are solvent-free
- Tarkett's floorings can be cleaned with gentle methods, avoiding the need for harsh chemicals

## CLOSING THE LOOP

We help our customers to manage their flooring waste efficiently while contributing to safeguarding the world's natural resources and protecting the environment. We recycle flooring waste from our production, transforming it into new, high quality products.

- Tarkett's vinyl and cement tiles, wood flooring and Desso's carpet floorings are all recyclable and also include recycled content in their composition
- The wood floorings are compostable, and after use, can be transformed into new products or used to nourish the earth

## DRIVING COLLABORATION

We communicate transparent information on our products and sustainability progress, and invite you to seize, together with us, the opportunities presented by the circular economy.

Please see each product technical data, or contact your local sales team to know more about this.

## CRADLE TO CRADLE™

**In the circular economy, there is no waste, just nutrients. The Cradle to Cradle design philosophy requires designers and manufacturers to create products that are regenerative by design and produced in ways that respect the environment. C2C-certified products are designed from the outset to be reusable, or recyclable with zero waste.**

Products are independently evaluated across five categories of human and environment health:

- Material health
- Material reutilisation
- Social fairness
- Water stewardship
- Renewable energy.

Please see each product technical data, or contact your local sales team to know more about our C2C certifications.
